

Founded in 2018 by renowned Harvard Business School Professor [Frances Frei](#), best-selling author [Anne Morriss](#), and technology executive [Cara Shortsleeve](#), TLC helps best-in-class organizations create the conditions for more and varied leaders to thrive.

Via the [TLC Leaders Program](#), leaders from best-in-class organizations gather virtually to learn critical leadership and business skills from global thought leaders at the Harvard Business School. Leadership coaching leveraging networked and individual learning models is delivered by TLC's renowned coaches. The result is a more self-aware and strategic group of executives, equipped to lead stronger teams and drive business growth.

"Excellent" NPS Rating

*"Interactive and thought provoking sessions with such a great variety of experiences and insights! TLC was the **most amazing business course I have ever attended**. It doesn't matter which industry or role you came from, you could still contribute to the conversation."* - Nyree Osieck, Pega, Australia

*"This is indeed the most **power packed** program led by the best minds in management leadership I have attended. The learnings culminate into a **retainable, structured model and practical application** that is very useful."* - Saurabh Srivastava, Morningstar, India

*"The classroom experience was **interactive and engaging and the professors were phenomenal**. The reflections pushed me to think about how I can **apply what I learned** to my current role. The peer coaching was very insightful and formed some **deep moments of connection with an diverse group**."* - Elisa Kelsall, IBM, Australia

*"The professors navigated participants through **diversified points of view and multiple dimensions** of learning. All of the frameworks are **applicable to current dynamic situations**. My coach helped me to better know myself and explore my potential. This combination was excellent."* - Eric Feng, Sonos, China
